

My name is Mickey Green and I am a resident of Midland. I am an active member of the MBSC and in the past year have become a mentor in the Big Brothers Big Sisters of Simcoe. I am a retired Construction Supervisor and Project Manager. I also was a Team lead with the TDL Group (Tim Hortons) for 20 years. During my tenure I travelled extensively and was involved in the opening of hundreds of restaurants in Canada, U.S., Kandahar Airfield, Afghanistan and Iqaluit, Nunavut. While I was in Kandahar, in recognition of my work I was awarded the Canadian Armed forces Medallion of Excellence.

I sail a Hunter 340 and have been sailing for the past 30 years.

My interest is to maintain and uphold the standards and fundamental principles of the MBSC. I hope to have Bob Ledingham as a mentor and employ the experience and knowledge of the past commodores. I feel I am an effective team leader and delegator who utilizes strong communication and planning skills that can assist the MBSC in achieving their goals.

Sincerely,
Mick Green
